

## MITIGATING AGAINST EDUCATIONAL DISADVANTAGE FUND

### DDLETB FUNDING GUIDELINES NOVEMBER 2020

Dublin & Dun Laoghaire Education & Training Board (DDLETB) invite applications from Community Education providers in DDLETB's administrative area for funding from the Government's ***Mitigating against Educational Disadvantage Fund***.

This fund is an opportunity to help people in our local communities engage or re-engage in education and training, build their confidence, achieve personal fulfilment and be supported to reach their full potential.

The Fund places a strong focus on community education as a mechanism to continue to support and engage with disadvantaged learners. In addition, there is a focus on enabling the investment in building the digital infrastructure of providers and their capability to ensure that online learning can be delivered in a way that meets the complex needs of all learners.

The purpose of the ***Mitigating Against Educational Disadvantage Fund*** (MAEDF) is to assist Education and Training Boards to increase their capacity and that of community education providers to address the decline in participation of disadvantaged learners, particularly those on literacy and basic skills programmes. Ideally proposals/applications will target learners at levels 1-3 but may target learners at higher levels where the fund is used for learners who are likely to experience educational disadvantage that impacts their participation in a learning programme

**The closing date for applications is 5 pm, Friday 27 November.**

Please use the official application form. Contact Aedin O'Toole in DDLETB for the application form by emailing [adedinotoole@ddletbaes.ie](mailto:adedinotoole@ddletbaes.ie) or if you have any other inquiries about this funding.
