Noted

DDLETB had approximately €22m on hand at the end of October. The Main Scheme Pay deficit relates to a timing difference between when payments issued to staff and the receipt of the monies from DES. The deficit on the Main Scheme - Non-Pay has accumulated over a number of years and is a real deficit that will require an injection of cash to resolve. This matter has been discussed with DES and they have advised that they are endeavouring to ensure that the deficit does not increase year on year. However, currently DES have no plan in place to address the historical cash shortfall.

The Main Scheme Non-Pay spending limit for 2019 is €8,388,292. This represented a marginal increase on 2018 however it is less than what is required. Insurance costs, contracted cleaning and the costs arising from the additional students and extra school facilities means we expect to exceed this limit by about €250 thousand in 2019.

2) Staff Profile updates	Noted
3) Buildings Report	Noted
DDLETB Board Meeting 18 th November 2019, Report on Capital / Building Programme	
4) CNS Nicholas Spokes, Director of Schools, gave a presentation to the Board on Community National Schools.	
5) CEOs Report 1. Collinstown Park CC officially launched the new data centre. Microsoft have funded the centre in order to provide a place to train students to work in the data centre environment. It is an immensely valuable asset for the community. The courses are well attended and the students are very grateful for the opportunity to do the course within their own community. Currently 24 students are availing of the data centre training and it is expected that other courses will use the facilities in the future. 2. Microsoft also hosted an event titled Voice of the Community which seeks the views of community groups and individuals in relation to the company's Corporate Social Responsibility fund. A good turn out from the community showed people's interest in accessing the funding. Many thanks to the Microsoft staff from Washington and Dublin who attended to animate the evening in Collinstown Park CC. 3. We had our Strategic Performance Agreement review with Solas represented by the CEO, Executive Director and an external evaluator. This was an opportunity also to feed into the FET strategy. The meeting was thorough and ranged across the areas of challenge for our ETB in addressing the targets. The impending reallocation of resources from the Department to Solas for PLC was discussed. 4. A meeting of CEOs and Directors looked at how to get the best value out of the ETBI structures to ensure each service provided a coherent service in every ETB and that lessons learned are shared.	

5. Youth Services launched the Coastal North Dublin project which is run by Foroige on behalf of DDLETB with funding from the Department of Children and Youth Affairs. There was great enthusiasm on the night (24 Oct). The CEO spoke of the unmet need in the area which was now being addressed. The young people made presentations about the benefits to them of the project.
6. The Youthreach Committees (North Cluster and South Cluster) met on the 11th November. Thank you to new members for attending and for their contribution. We will review the structure of the meetings and provide refresher training on Child Protection etc. in 2020.
7. The 2020 planning process has commenced and submissions to SOLAS will be made in January. DDLETB are working in collaboration with DEASP and the Dublin Regional Skills Forum with a continued focus on meeting the needs in the Fingal area.
8. The DDLETB Quality Council met on 8th November to review progress made in the last year and agree actions for 2020. Very positive meeting – learner at the centre of all new committees (as part of our new governance structures).
9. Learners as TEL Leaders Event – on the 5th December led by Sam Conroy and Schools/Centres.
10. DDLETB will be taking the lead on Music Generation, with Fingal County Council. Nichola Spokes will be leading and developing this in partnership with Fingal CC. We are at the initial stage of establishing a partnership working group tasked with undertaking a report on current music initiatives in the Balbriggan area. This is expected to be completed February 2020. We expect to roll out Music Generation for the Balbriggan area for September 2020.
11. The Ambassador of Lithuania to Ireland, Egidijus Meilūnas, attended the launch of Lithuanian as a Junior Cycle subject in Fingal CC. There are

	currently 15 pupils in first year taking the subject. Nichola Spokes was in attendance representing DDLETB on the day.																																															
07	Correspondence from the Department																																															
	All Circular letters pertaining to the ETB were noted	Noted																																														
08	Strategic Plan Update																																															
	None	Noted																																														
09	Appointment of members to the Committees to the Board
